

ALLEGATO 3

PROGETTO DEFINITIVO - AZIONE A

BANDO DI ATENEO PER LA RICERCA 2022

Type of project: A

Principal investigator (Name, Surname, qualification, UNIPR email and Department)

Substitute Principal Investigator (Name, Surname, qualification, UNIPR email and Department)

Research Unit:

- **Members from UNIPR** (specify name, qualification, affiliation and institutional mail address)
- **Members from other institutions** (specify name, qualification, affiliation and institutional mail address)

Title of the project

Main ERC field

ERC subfields 1

ERC subfields 2

Keywords (max 4 in order of importance)

GRANDI AMBITI PNR

AREE DI INTERVENTO PNR

Brief description of the proposal (max 2800 characters including spaces)

DICHIARAZIONE: il progetto di ricerca, con riferimento al D.M. 737/2021, è coerente con il principio di “non arrecare un danno significativo” a norma dell’Art. 17 del regolamento Tassonomia UE (REGOLAMENTO (UE) 2020/852 DEL PARLAMENTO EUROPEO E DEL CONSIGLIO del 18 giugno 2020 relativo all’istituzione di un quadro che favorisce gli investimenti sostenibili e recante modifica del regolamento (UE) 2019/2088). Link Comunicazione della Commissione C (2021) 1054 final del 12 febbraio 2021: [“Orientamenti tecnici sull'applicazione del principio "non arrecare un danno significativo" a norma del regolamento sul dispositivo per la ripresa e la resilienza”](#).

National/international state of the art in the related scientific field of interest; expected advancement of knowledge with reference to state of the art (max 3800 characters including spaces)

Detailed description of the project: objectives and methodology, contribution of team participants; workpackages; methods of dissemination of the results (max 7800 characters including spaces)

Expected results and impact (for example: patents, publications, prototypes, data bank, etc.; if possible provide a quantitative estimate max 2000 characters including spaces)

Gantt diagramme or table (if available) (insert file max. size 16 Mb)

Financial aspects : costs and funding

ELIGIBLE COSTS	AMOUNT €
Research grants – research fellowships	
Consumable items	
Scientific consulting or technical assistance services; occasional service provisions	
Purchase or repair of laboratory equipment (subject to inventory)	
Travels	
Registration fees for seminars, congresses, conferences, exhibitions, fairs	
Publications (also open access publications) and translations	
Purchase of specific hardware and software	
Books and literature	
Patents	
	TOTAL COSTS
Requested funding (<i>min € 24.000 max € 80.000</i>)	
Possibility of cofunding: specify the amount	

Bibliography (max 2800 characters including spaces)

Attach (Max total size 16 MB):

- Scientific curriculum of Principal Investigator and members of the research unit (in one file)
- list of publications produced in the last 3 years by PI and members of the research unit (in one file)
