

**Pay online:**

credit card;  
current account.

**Pay in person:** print the payment notice to be presented at one of the authorized institutions.

For more information on the pagoPA (IUV) payment system, you can consult the following web page:

<https://www.unipr.it/pagoPA>.

**ATTENTION:** for the University, the date of actual collection from its Treasurer Body is valid. It is noted that the payment order executed on the day of expiry could lead to the attribution of the additional contribution for payments beyond the deadline for late payment if the actual payment transaction is made by the bank after the deadline. For all payments, you must always check the conditions and times with which your bank provides the related service, in fact the banks make payments at certain service hours and any operations made by the user after the established hours are taken over by the bank and accounted for the first following working day.

The payment will be recorded automatically by our IT system for the management of students' careers within approximately 10 days after the actual payment date.

**Additional contribution for payments after the deadline**

Each payment subsequent to the deadlines indicated involves the allocation of an additional contribution for payments beyond the deadline of € 50 and the immediate block of the career until regularization of the payment.
