INPS IMPLEMENTATIONS FOR SCHOLARSHIPS HOLDERS

INPS social security contributions for *Gestione Separata*
Research PhD scholarships are subject to the payment of INPS social security contributions under the separate pension system (art. 2 paragraph 26 Law 335/95 and subsequent modifications).
What is the PhD student with a scholarship supposed to do?
In order for the contributions of the scholarship to be paid, the PhD student must enrol in INPS gestione separata, exclusively via digital means:

> **1. visit INPS web page:** http://www.inps.it and in the section SEARCH __ ___
> type **"*Gestione Separata - iscrizione*"**
> **or**
> copy and paste the following ***"Gestione Separata – iscrizione"*** link
> https://www.inps.it/prestazioni-servizi/servizio/2501)
>
> **2.** the access to INPS services is available only for people in possession of **SPID, CIE or CNS** credentials**.**
> For **foreign citizens residing abroad** who do not have an Italian identification, **access via PIN is reserved**, which can also be requested online (read the instructions carefully)
> **Link for the obtaining of the PIN (for foreign citizens):**
> Online PIN: https://www.inps.it/prestazioni-servizi/il-pin-online
>
> **3.** those already registered in the Gestione Separata (for example, para-subordinate workers with Co.Co.Co. contracts and the like), will simply have to log in with their personal PIN and print a document proving registration (an extract of payments made is also sufficient).

For the purposes of enrolment in the Gestione separata:

declare as starting day – **01/01/2023, official starting date of the PhD course** (Please Note if you enrol before 01.01.2023, insert the day on which you are registering at INPS, since the procedure itself does not allow for a later date to be indicated. INPS contributions are in any case paid starting from 01.01.2023).

declare to carry out activities as a **COLLABORATORE/PARASUBORDINATO**
